

# The 39<sup>th</sup> Annual Langlauf 10 K Ski Race February 10th- 2019

Welcome to the 39th Langlauf,

We have new things happening this year!! The coolest is the addition of an adaptive skier category. If you are visually impaired or a sit skier you will be able to participate in our Wave start, but at junction 1 will continue on Linder road to a turnaround then back to Valley View and our traditional finish line. We are also continuing that if you are 10 or younger you can register for free with a paid adult registration. Make sure and tell all your friends!

For the rest of our participants the race follows our now traditional 10 k course around the Nordic Trails at Mount Spokane State Park. Maps are posted in Selkirk Lodge and on our website. Get there early and you can have the wax pros from Fitness Fanatics apply the wax of the day for free to your skis. This year we will again be starting at 10:00 with wave start for each group. Langlauf is a 501 3c nonprofit. Proceeds generated by the race are redirected back to the Nordic ski community in the form of scholarships to the Junior Racing and Adaptive skiing programs or trail improvements like the Warming Hut and MREC. With this in mind we encourage you and your families to support the businesses that support us. Most of our sponsors have participated for years. As a result of their sponsorship we will be giving away close to \$6000 of prizes based on a random drawing of bib #. Thanks again to our wonderful sponsors and to you for participating.

There are several other races throughout the winter thanks to the efforts of the Nordic club. More information on them can be obtained on the Nordic club website at [www.spokanenordic.org](http://www.spokanenordic.org). You will also find a link to a web cam and the weather station on Quartz Peak (a great site to use for pre waxing and clothing selection) as well as grooming conditions. To mail in your entry please print our PDF registration form. Also please put your email address on the registration form. This will allow us to contact you for future events saving the environment by printing less. We will only contact you about Langlauf related events, and you may opt out at any time.

## THE START

Like Bloomsday, our mass wave start works very well with four start zones:  
Racers having a current USSA competitor's license will be allowed to be seeded in the Elite or Fast Zone.

- Elite - for the fastest racers only
- Fast - for those who can ski fast, but not all out
- Sport - for experienced skiers in good shape who never need to stop
- Fun - for beginners, very young and those who mostly want to enjoy the scenery

Your finish time from previous races and your bib # will determine your assigned start zone. Volunteers will be available to assist you. Please cooperate for the safety and enjoyment of all.

## THE COURSE

It totals just about 10k and 640 feet of elevation gain. We encourage everyone to become familiar with the course in advance. Look for the course map in the lodge in January. There will be water at Jct. 4. **Make sure to remove your transponder before leaving the finish area. There is a \$95.00 charge if we do not receive it back. If you are visually impaired or a sit skier you will be able to participate in our Wave start, but at junction 1 will continue on Linder road to a turnaround then back to Valley View and our traditional finish line.**

## THE FINISH
